PARTNER WITH US!

OUR MISSION IN ACTION

Trinity Oaks Outdoors offers more than 50 FREE events a year for people who can receive incredible benefits from once-in-a-lifetime hunting or fishing experiences. Our outdoor programs support combat veterans, first responders, individuals and families suffering through terminal illness, and underserved youth who lack proper mentorship.

Since 2007, Trinity Oaks Outdoors and our incredible family of volunteers have provided programming for over 10,000 recipients, including **6,000+ youth** and families, **4,000+ veterans and first responders**, **300+ Dream Trips** for terminally ill youth and adults.

By supporting Trinity Oaks Outdoors, your impact is teaching youth how to properly handle and respect firearms and hunt, give the dream of a hunt to fulfill the last wish of a terminally ill person, and help steward our ranch which hosts outdoor events for our brave veterans and first responders. **You are directly giving the experience to those most in need of the solace of wild places, passionate camaraderie, and an upliftment of the human spirit with these programs.**

Financial contributions from people like you help make this possible. Your **support** is vital. We hope to partner with you in fulfilling our mission and reaching more people!
